F. C. Baker is selling Ladies Jackets, worth \$5 for \$3.

The best stock of pipes and cigars in town is at Geo. W. Baker's.

For the past few days the weather has been considerably colder, with light frosts of snow.

The only place in town where you can get your watch fixed or your jewelry repaired is at the Post Office Store. Two practical men on hand all the time.

Some fine samples of the taxidermists art can be seen in Winnett's window at present. They are the work of Mr. Winnett, who has made a first class job.

The annual meeting of the Mechanical and Literary Institute will be held at the town hall on Thursday evening the 21st inst., at 7 o'clock. Election of officers and other important business.

Almer's furniture factory is doing a lively business, orders for work coming in almost faster than they can be handled. The foreman is making desperate efforts to keep his end up, and says he will do it or know the reason why. Stick to it, Graham.

Mr. Baker of Belleville, who has been here on an extended visit to his sons (F. C. and G. W.), left for home Thursday morning last. Mr. Baker enjoyed his visit and said he would probably give our town another call in the not distant future. We wish him a pleasant return to his home in the old city of the bay.

The largest and best selected stock in town I think is at F. C. Baker's, where it is no trouble to show goods.

Mr. Biggar's driving team had a short runaway Saturday afternoon, but fortunately without any serious mishap. The overturning of the democrat and a few scratches on the legs of the horses were about all the results.

Major Bennett, of the Salvation Army, arrived here from Winnipeg Saturday evening, and has been holding enthusiastic meetings since his arrival. The major is an able and persuasive speaker, and is well worth listening to. To-morrow (Wednesday) evening, he will give a lecture on the subject "Is Marriage a Failure," to which everybody is cordially invited.

If you want a clock go to Baker's; prices from \$1 to \$25; all goods guaranteed.

Allderman and Miss Stull, of Guelph, brother and daughter of Mr. Stull of our town, left for their Ontario home Thursday last, after having enjoyed a pleasant visit of several weeks. The worthy allderman is loud in his praise of this section of country, and says that all that is wanted to be a successful agriculturist in this portion of Canada is a considerable portion of eastern energy such as is shown by farmers in the older parts of the Dominion. He has no doubt we have the soil and climate.

In our account of the banquet to Mr. Betts we overlooked mentioning the band, which turned out to do their share on the occasion. For half an hour before commencing and until after the toast list and speech making had been commenced they played almost unceasingly, and helped to make the affair pass off in a way that no other means would have succeeded in doing. Our citizens should note these occasions and do all in their power to encourage our band in every way. Why not get a uniform for them?

Don't go around with cold fingers when you can get gloves so cheap at F. C. Baker's.

If you are in need of good goods go to Geo. W. Baker's, he has

I wish to thank the residents of the town for so kindly coming to my assistance and for the donation of my medals on the 1st of January, but for which assistance I would have sustained serious loss.

While Mr. Drain, with his traction engine, was hauling a load of water up the bank on the ferry hill, the wheels on the river side of the road cut off and he for timely assistance the engine would have gone over the bank, and in all likelihood a serious smash would have been the result. Fortunately help was at hand and heavy ropes were soon attached to the engine and made fast to some telegraph poles preventing it from going any further. Men with spades, planks and a good purchase were set to work at once and by evening of the next day the engine was again on firm ground and luckily without receiving damage of a serious character.

Last Tuesday's train brought home Mr. Speaker Betts, who on his arrival at the station was agreeably surprised to meet the immense crowd that had assembled there to give him a cordial welcome home, and also to congratulate him on his recent appointment to the Speakership of the Territorial Assembly. The Brass Band, under the leadership of Mr. Geo. Bird, had also turned out, and while waiting for the train discoursed several fine pieces of music in excellent style. On the arrival of the train and after Mr. Betts had alighted on the platform, between the playing of the band and the shouts of those assembled, it was almost impossible to hear yourself think. After thanking the members of the band and those present for the compliment they had paid him, Mr. Betts was driven to his residence, where he enjoyed a much needed rest after a hard day's travel.
